

Dear Licensee,

This notice is to inform you that the Board has issued a correction to the Spring Newsletter and the Cosmetology Compliance document related to the information provided about the removal of the alcohol prohibition from the cosmetology act. The corrected language can be found on page 11 of the Spring Newsletter and page 8 of the Cosmetology Compliance document.

The Board has updated the wording in the documents as follows:

To the extent the language used in the Cosmetology Establishment Compliance document and the Spring Newsletter regarding the service of alcohol to consumers inside of the salon conflicts with K.S.A. 41-719, it is retracted. While alcohol is no longer prohibited in an establishment by the Kansas Board of Cosmetology, we do not regulate the sale or consumption of alcoholic beverages in the State of Kansas.

If you need legal advice on any matter, please seek the advice of private legal counsel.
